

ENGAGING WITH AGING

How to Plan for the Years Ahead panel discussion and Q&A

Whether preparing for your future, or helping a family member prepare for theirs, you may have lots of questions about how to handle the changes ahead.

- What type of in-home care options are available, and how do I find the best one?
- How can estate planning help secure my parent's future?
- How do I choose a senior living facility?
- When downsizing, how do I manage the task of transitioning?
- Will health insurance cover future expenses, and how does the Affordable Care Act impact insurance coverage?
